Appendix B

World Air Games 2015

Abbreviations

The purpose of this document is to identify and define all the abbreviations used in the World Air Games 2015 Bid Documents. Where available, hyperlinks are also provided for specific pages on FAI's Internet site.

AGL	**Above Ground Level**
ASC (or ASCs)	**FAI Air Sport Commission(s)** Commission(s) established in accordance with the Constitution of the FAI, having authority over the rules governing international competitions and FAI international records in a specific aeronautical or astronautic discipline. The following Commissions will be involved in the World Air Games : IGC / CIA / IPC / GAC / CIAM / CIVA / CIVL / CIG / CIMA / CIACA. Link: http://www.fai.org/about/commissions
ASL	**Above Sea Level**
ATC	**Air Traffic Control**
AVGAS	**Aviation gasoline** For piston-engine aircraft
CAS	**Court of Arbitration for Sport** Link: http://www.tas-cas.org/
CIA	**FAI Ballooning Commission** (Hot air balloons, Gas balloons, Airships) Link: http://www.fai.org/ballooning/
CIACA	**FAI Amateur Built and Experimental Aircraft Commission** Link: http://www.fai.org/amateur-built-and-experimental-aircraft

CIAM	**FAI Aeromodelling Commission** (Aeromodels and spacemodels) Link: http://www.fai.org/aeromodelling/
CIEA	**FAI Aviation & Space Education Commission** Link: http://www.fai.org/education/
CIG	**FAI Rotorcraft Commission** (Rotary wing aircraft, i.e. helicopters and autogyros) Link: http://www.fai.org/rotorcraft/
CIMA	**FAI Microlight & Paramotor Commission** (Microlights and Paramotors) Link: http://www.fai.org/microlight-and-paramotor
CIMP	**FAI Medico-Physiological Commission** Link: http://www.fai.org/medical/
CIVA	**FAI Aerobatics Commission** (Powered and Gliders Aerobatics) Link: http://www.fai.org/aerobatics/
CIVL	**FAI Hang Gliding and Paragliding Commission** Link: http://www.fai.org/hang_gliding/
CV	**Curriculum-vitae**
EnvC	**FAI Environmental Commission** Link: http://www.fai.org/environment/
EUR	**Euro (European Union Currency)**
FAI	The **Fédération Aéronautique Internationale** is a world federation consisting of national and international

	aeronautic and astronautic organisations subscribing to the Statutes. The FAI is a non-profit-making organisation in accordance to the Swiss Civil Code and has its Headquarters in Lausanne. Link: http://www.fai.org
GPS	**Global Positioning System**
HG	**Hang Glider**
IGC	**FAI Gliding Commission** Link: http://www.fai.org/gliding/
ICAO	**International Civil Aviation Organization** Link: http://www.icao.int/
IPC	**FAI Parachuting Commission** Link: http://www.fai.org/parachuting/
Jet A1	**Aviation jet fuel** For turbines or jet engines (also AVTUR)
LOC	**Local Organising Committee**
NAC (or NACs)	A **National Air Sport Control** (FAI Active Member) is a national organisation representing the greatest number of branches of Air Sports and Astronautics in its country. Only one Active Member shall be admitted for each nation. Link: http://www.fai.org/structure/members
NM	**Nautical Mile** Equivalent to 1,852 km
NOTAM	**Notice to Airmen**

PA	**Public Address System**
PG	**Paraglider**
RC	**Radio Controlled** (Aeromodelling)
TBD	**To be decided**
USD	**Dollar (United States of America)**
WADA	The **World Anti-Doping Agency** was established on 10 November 1999 to promote and coordinate the fight against doping in sport internationally. WADA's task is to lay down common standards compatible with internationally recognized quality standards for doping controls. The universal World Anti-Doping Code (World Code) is intended to ensure harmonisation of anti-doping efforts across all sports and governments. The World Code is a core document that will provide a framework for anti-doping policies, rules and regulations within sport organisations and public authorities. Link: http://www.wada-ama.org/
