## Italian CIVA proposals for 2005

Proposal	Rational
1. Drawing of lots for all pilots for all programs	All pilots must have the same opportunities. The last 10 pilots must be treated just as the first 10 pilots.
2. All proposals for international jury and international judges for international competitions must be approved by NAC	International jury members, and international judges may be chosen by CIVA, but must be approved by NAC in order to exclude participation of subjects in conflict with national team.
