OFÍCIO 2022.16.02/01

February, 21st 2022

To: FAI Gliding Commission (IGC)

The 4th Pan American organization team requests authorization of the ICG Bureau to proceed an adjustment to the aerotow prices of the competition. The original proposed price was US\$ 55.00. Like the rest of the world Brazil suffered with Oil and gasoline raises, and other costs related with aircraft maintenance. Therefore, we are requesting to readjust the aerotow price to US\$ 70.00.

Kind Regards,
