<b>Personal Remarks:</b>	<p>The Mondial were very well organised and carried out.</p> <p>The accommodation, food and transport were very good.</p> <p>The only criticism was the second Accuray Landing Zone.</p> <p>It took some time to jump on it.</p> <p>The main problem was the assembly and disassembly of the target mat. They had only one. And also the transport of the competitors to see the Wind Drift Indicator needed much time.</p> <p>Some releases of the electronic system were due the fact that surface of the target tuffet could not be properly tensioned.</p> <p>The images of Freefall Style were not of the best quality. The cause of duration was the very humid air.</p>
<p><i>According to Sporting Code Section 5, 6.9.1 (11) this is to be sent to the Chair of the Judges Committee and the IPC Recording Secretary within 30 days of the competition completion.</i></p>
