CANOPY PILOTING COMMITTEE

Rule Changes for 2013

1. Distance Rule 6.2 and 6.3 states "vertical extension of G1 through G5 results in minimum score" and "no water drag through G1 results in minimum score"

New Proposal

Each competitor making the entry gate must get a score higher than 0 compared to a competitor, not making the entrance to the score at all.

Example:

Speed G1 made at 1, 5 m limit and Canopy down or OOC or VE gets a 10 seconds default.

Distance G1 made at 1,5 m limit and OOC gets a 5 m default.

Accuracy G1 made at 1,5 m limit and OOC gets 2 points.

2. Competition Rules Distance, 6.6 refer to "minimum result". This should be changed to "minimum score" - to be consistent. All these changes should also be made in the Performance Record Rules.
3. Reward Stand-up Landings
Honour stand-up landing in Distance, also subtract 10 points from calculated 100 points for best performance of round, if NOT standing. Add 1 meter to distance for stand-up landing.
4. A Camera will be used on each Watergate for dragging and VE on all 3 disciplines.
5. A sensor on entry gate for Distance as opposed to water dragging. This will allow the competitor to still drag water or fly just above the water to trigger the sensor.
6. A straight course for speed
7. In Accuracy, Zone 0 will change to a neutral zone and the score will stay 0 points but water gates and landing zone points will be awarded.
8. Pond Depth Specification

The overall length of 65 m and overall width of 15 m and 0,6 m depth are the standard measurements for a competition pond. The rule state the necessity of having depth of 0,60 m over the **full water area of the pond**.

Change:

Gradually slope up the bottom of the pond from G2 to the end of the pond from a depth of

- 0,60 m at G2 to
- 0,50 m at G3 to
- 0,40 m at G4 to
- 0,30 m at the end of the pond

64th FAI / IPC PLENARY MEETING, BANJALUKA, BOSNIA & HERZEGOVINA, 26-27 JANUARY 2013

9. Inflatable markers will not be a requirement, the small floatable markers will be allowed.

10. CR and PR 8.1 FAI Judge Requirements: 8.1. Requires 6 FAI Judges.

The requirements in SC5 3.1.2.b, requires only three judges (only 2 of who must be FAI). This will be changed to be in-line with SC5.
