Miscellaneous information

- Airfield will be PPR (prior permission required) during the training and contest weeks to ensure uninterrupted operations and to increase safety.
- Efficient use of online/web technologies
- In addition to the official note board, **SMS-notifications** will be sent - e.g. changes in briefing times, notifications when results are available etc.
- Teams are very welcome to practice at the airfield prior to the contest week (13.- 17.7.). There will be time reserved for the familiarization flights for all pilots.

In case of emerg... bad weather

- Possibility for a lot of activities on bad weather days, eg. paintball, beach volley, etc.
- Small beach & swimming place on the other side of the airfield.
- Old historic city of Turku close, over 300 000 inhabitants, the European Capital of Culture 2011!

The European Capital of Culture 2011

- We will accommodate Judges and other officials to a modern hotel in Turku.
- There will be bus transportations daily from hotel to airfield and back.
- Possibility for bus transport will be offered to the teams also.
- In Turku as everywhere else in Finland English is widely spoken.

Plenty of things to experience in Turku

We want to show you the best part of Turku

An aerial photograph of a vast, dark blue lake in Finland. The lake is dotted with numerous forested islands and peninsulas, all covered in dense green trees. On the left side, a small red-roofed house is visible on a grassy shore. The background shows a flat, green landscape under a cloudy sky. The text "Welcome to beautiful Finland – the land of a hundred thousand lakes!" is overlaid in white, bold, sans-serif font in the center of the image.
