

F3C, F3N SUBCOMMITTEE

F3 S/C Helicopter Report 2016

Dear all,

OSLO November 20

The F3 Helicopter Subcommittee have only had contact this year by mail. The work has mostly been with F3N-class. Stefan Wolfe and Kim Jensen have done a lot of work on text and drawing. Many thanks!

Many of the F3C interested members of the S/C did not fancy too many changes to the existing schedule. The SC consists of 17 members in total.

F3CN European helicopter championships 2016 were held in Poland in July with a splendid organization and many pilots. This was the first championship with the new F3C schedules made by Switzerland. I thank them for their effort. For further details please refer to the Jury Report.

The communication in the subcommittee is now done entirely by Internet.

Best Regards

Dag Eckhoff
