Subcommittee F3 Radio Control Aerobatics Report 2016

Dear all,

Bangkok, Oct 22, 2016

the Subcommittee F3 Radio Control Aerobatics has worked actively in a very cooperative way, with a number of results achieved during the last year's periode:

- Review of Subcommittee members before May 1st (currently 21 members).
- Various spot meetings with Subcommittee Members and members of the „Judges' Forum“ during the F3A European Championships 2016.
- Strong support of the Chinese Taipei organiser of the F3A Asian-Ocenic Championship 2016.

For the coming weeks and months the Subcommittee work will adress:

- Rule development of FAI Sporting Code, Section 4, Volume R/C Aerobatics
- Design of aerobatic schedules F3A A-20, P-21, F-21

The 2016 FAI F3A European Championship at Untermünkheim, Germany was a perfectly organised and a very exciting event, as was the F3A Asian-Oceanic Championship at Taichung-City, Chinese Taipei. For further details, please refer to the respective Jury Reports.

An extremely poor experience was the award of the 2017 FAI F3A World Championship to Qatar which failed, and the further handling of the problem by the CIAM-Bureau was rather questionable.

Thank you for your attention.

Best regards

Michael Ramel

CIAM Chairman Subcommittee F3 Radio Control Aerobatics
