FAI Electric Flight World Cup 2014

Class F5J ELECTRIC THERMAL DURATION GLIDERS

The start of this new FAI World Cup class is a very successful story:

78 competitors of 15 countries participate. Congratulation!

We had 6 World Cup events, one in Japan and 5 in european countries.

- Austria
- Germany
- Bulgaria
- Japan
- Spain
- Ukraine

Thanks to all the organizers and to our coordinator Beatrice Bühler. I expect that we will have much more events and more competitors next year.
