

Report on F3B and F3J World Cups 2003

Summary

Class	Number of events	Number of competitors	Number of countries	World Cup winner
F3B	2	145	22	Duchesne Denis, BEL
F3J	6	476	10	Philip Kolb, GER

The situation with only limited number of contests in the F3B World Cup continues. Nevertheless this year it was better than in the past. The F3B World Cup 2003 included a high grade event, the Kirchheim Open F3B at which all top pilots of the world met. The traditional Marchfeldpokal contest this year also succeeded to run.

The F3J World Cup 2003 included six competitions. The total number of participating pilots was impressive 476. All events were completed. The only problem was to get the official results. Most of the organizers send the necessary document only after being pushed.
