Mr. Jordan Kovacevic , the owner of a small publishing and book-selling company , born in 1944, is one of the oldest Yugoslav spacemodellers, whose activities extend on more than 30 years. He was Yugoslav champion in boost-gliders and is one of the most skilled Yugoslav boost-glider designers. His designs of models won many times on Yugoslav and international contests. He was a participant of several World Championships in Vrsac 1972, Dubnica n/V 1974, Jambol 1978 etc. Now he is a coach of the spacemodelling club "Savski venac" from Belgrade. Mr Kovacevic is a dedicated teacher of spacemodellers for many years and is very much devoted to popularization of aeronautics through aero & spacemodelling. Having good relations to media he has contributed very much to make spacemodelling known to the public. He has also done many years on introducing sporting aviation and modelling to developing parts of the country. So, he is the only man in Yugoslavia who was founder of seven aeroclubs in different parts of the country. These aeroclubs are: Radosevo, Nova Pazova, Stara Pazova, Vojka, Banatski Karlovac, Centar za aeromodelarstvo Belgrade and Savski Venac Belgrade. He also worked on design and production of kits for beginners and at present three of his space models designs (two single staged and one multi staged space models) are being sold as essential products for education of spacemodelling beginners.
