

IGC Media working group report for 2020

The Sailplane Racing (SPR) web pages announced all the changes to the competition calendar and reported on the few contests that were held.

The IGC media team continue to develop the web portal and the links between the IGC media channels. The Ranking list team have developed a new web presentation for the FAI/IGC Ranking list. How this can replace the current original page is being discussed.

The registration for the SPR newsletter is now growing and newsletter publications will become more regular when contests start again.

The existing FAI/SGP web portal will be used for the tenth series but we are working on a new web presentation for subsequent series.

Reports are invited from all championships for the Sailplane racing portal, contact sean@soaring.org.au

A screenshot of the FAI website. At the top, there are two blue navigation tabs: 'Sailplane Grand Prix' and 'Pilot World Ranking'. Below these is a large banner image featuring the FAI logo on the left and a white sailplane in flight against a blue sky. Underneath the banner is a horizontal menu with the following items: 'HOME', 'CHAMPIONSHIPS', 'SERIES NEWS', 'GLIDING COMPETITIONS', 'ABOUT', and 'EVENTS'. Below the menu, there is a large image of a white sailplane with 'LY-MAG' and 'AG' on its side, flying over a landscape. To the right of this image is a text block titled 'EZGlide' with a sub-heading 'EZglIDE Begins on 28 August at Grossröckerswalde Germany. This competition is for electric powered gliders that are permitted to use up to 2kWh of power in an otherwise soaring Grand Prix gliding race. The engine power produced by electric battery of 2kWh is...'. Below this main content area, there is a row of four smaller thumbnail images: a grassy field with a runway, a mountain range, a man in a light blue shirt, and a man in a dark shirt.

We are looking forward to a full competition season with plenty of great sailplane racing and exciting results.
