### 10<sup>th</sup> Series World final.

Organisation for the 10<sup>th</sup> world final is underway with the FAI/IGC team and the FFVP team working closely together to ensure a successful event. The video team has been appointed and work has begun on the preparation of branding and social media platforms.

### Series 11

The next series of SGP national events will be held in 2022 with a World final in 2023. The closing date for bids to host an 11<sup>th</sup> series national event will be 31<sup>st</sup> August.

### SGP future.

AS reported at the 2020 meeting we are seeking to enhance the SGP team with new members and a commercial developer. To date there has been no progress in attracting a partner, it is hoped that with the passing of Covid we can generate a new momentum in the organisation of the FAI/SGP.

A project is currently being considered by the FAI and the SGP management team and will be discussed at the 2020 IGC Plenum.

The FAI/SGP management team is delighted to add Claire Heliot to the team. Claire has worked with us on several SGP finals and welcome her great enthusiasm and energy to help us continue to develop the series.

### The SGP management team is:-

Brian Spreckley, Roland Stuck, Alexander Georgas, Rene Vidal, Angel Casado, Claire Heliot
