IGC Ranking List

The top three pilots on the IGC Ranking List (as of January 2021) are:

1st - Sebastian KAWA (POL)

2nd - Michael SOMMER (GER)

3rd - Wolfgang JANOWITSCH (AUT)

Positives

- The IGC Ranking List remains popular amongst pilots and enthusiasts of gliding,
- Collaboration and communication with other Air Sport Presidents is strong,

Challenges

- The recent acknowledgements at the 114th FAI General Conference that the FAI finances are stressed as supporting sponsorship has declined and subscription revenues from members is decreasing,
- FAI is undergoing internal examination and discussions of its role for NAC's and ASC's,
- The ability to host and for pilots to participate in IGC Championships in the era of the COVID-19 pandemic
- Holding IGC meetings in-person during the era of the COVID-19 pandemic remains uncertain

I look forward to greeting you all virtually in March as we conduct the business of IGC.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Luis Moya', written over a dotted line.

President, FAI Gliding Commission
