It is proposed to replace the Championship Management Working Group with a Standing Commission, the Championship Management Commission

Type the reasons in the space below:

During the past year, the CMWG has proven to be a valuable entity, that coordinates and oversee all activities related to IGC championships in one entity, leading to higher quality of events. The WG has also contributed to a better prioritisation of the Bureau work, as many championship related matters have been better prepared before Bureau meetings, allowing the IGC Bureau to reach decisions based on concrete information.

Consequently, the IGC Bureau proposes to replace the current Working Group with a Standing Committee. Terms of Reference are unchanged. See below.
