

The simplest, funniest and cheapest way of competing and organising navigation competition

### What's ANR

#### 2 main basic rules:

Crew must navigate through a given corridor that can be narrowed by organisation, and penalisation is applied when flying out of the corridor by a penalty of 3 points each second.

Starting point and Finish point are timed and a 3 points per second penalty is applied from a given chrono time.

### Live tracking of competitions

# P

### **Best**

- Easy and cheap to prepare a training task.
- <u>Easy and cheap</u> to <u>organise</u> a local/national/international <u>competition</u>.
- It offers to any pilot an <u>improvement of navigation and landing</u> pilot <u>skills</u>.
- <u>Easy to understand</u>. Any low experience pilot can begin competition quick.
- It can be really challenging to very experienced pilots.
- It can be broadcast in real time. Sponsor opportunities.
- It can be exported and adapted to paramotors
