We are doubting to make a package like it was in the europeans, which will be probably more comfortable and cheaper for the teams, or to charge only the inscriptionsfee with gas and Inaguration & Farewell , and every body pays his own transport & Hotel & Food. It is too early to know now what we can organize, without to forget, that the country is now in Quarentine.

Here our 3 thoughts at the moment.

* We will have approximately between 30 mini vans, which we will have a protocol, first intercontinental pilots, later if there are still mini vans for Europeans coming from far away (Russia, Ukraine, Turkey, Scandinavian countries, etc...), others only till end of our capacity.

* Facilities means special prices that we will handle, not that it will be free of charge.

* We were willing to speak with cargo airlines, but with the actual situation absolutely all conversations, and not only with airlines were broken. I hope to be able to restart after a time.....:-)

We plan to organise a short (5 flight slots) a pre-world championship from the 7th till the 9th of October 2022, some days before the big event.
