## NOTES:

I have done a bit of tidying up of the form to make it a bit clearer. I have highlighted my suggested changes.

I suggest we make a motion to remove "Extra Flight if needed". I cannot remember the last time this was required. Most people make arrangements to leave an event very soon after the awards ceremony and possibly before it.

I would also suggest we make a motion to remove "Resting Period". I have occasionally been at an event when we have had an afternoon off because it is too calm, threat of thunderstorms, pilots still not back from the morning flight or we have just done too much flying. However, until the event starts or is in progress you just do not know when a rest day might happen or be needed.
