

CIVL 2021 PLENARY – ANNEXE 13 HANG GLIDING COMMITTEE REPORT
--

Jamie Shelden, HG Committee Chair

Summary of Activity Since Last Plenary

Class 1 Pan American Championship– Big Spring, USA: This event has not been rescheduled since it was suspended in 2022. There is no expectation that there will be a bid for another PanAm's here.

Class 1 European Championship– Monte Cucco, Italy: This event was scheduled to 2022 due to covid. The organizers requested and the Bureau agreed that they would hold the women's world championships concurrently with the European championship provided that the women's championship has separate tasks from the Euros, as is done with concurrent Class 1 and Class 5 events. This issue is currently being discussed in the Basecamp HG committee and may change.

HG Class 1 World Championships– Krushevo, North Macendonia: This event was postponed to 2023 after multiple countries opted not to attend in 2021. The organizers of the 2022 worlds in Ager are aware that if there is a postponement due to covid, that their event would be moved to 2025 with a new bid.

Because all Cat 1 events and test events for 2022 were cancelled or postponed, there is has been no other activity.

Proposals to the Plenary:

None specific to hang gliding.

Upcoming Category 1 Competitions and Bids:

Bid France 2022 HG Class 2 Worlds Championship
