1	ENTRY	
1.1	The Championships are open to all Member and Associated Member countries of FAI who may enter a team of pilots not exceeding 5 of one sex and 2 of the other sex. Maximum number of pilots is 120. All entries must be made on the official Entry Form, signed by the NAC.	3.0
1.2	Applications, with fees paid, not received by the entry deadline may be refused. Entry fee will be $250 \in$ per male pilot and $50 \in$ per female pilot, team leaders and other accomanying persons $150 \in$ .	
1.3	The following NACs will pay their entry fee directly to CIVL/FAI account: Slovenia, Serbia and Former Yugoslav Republic of Macedonia.	7.1.3
2.	GENERAL COMPETITION RULES	
2.1	<b>Registration</b> The Registration office will be open from 3pm to 6pm on 20th June 2009. It will be in Fishing house in Ivanec. On arrival the team leader and members shall report to the Registration Office to have their documents checked and to receive supplementary regulations and information.	2.12.1
	Equipment checks will be made by the organisers during the registration period to ensure all pilots are conforming to the rules on safety equipment. Pilots should make available for inspection their gliders, harnesses and associated equipment in the configuration in which they will be flown	2.12.2
2.2	Pilot documentation Pilot Registration Form Evidence of competitor's nationality Pilot's valid FAI Sporting licence Evidence of pilot qualification (IPPI card Para Pro 4 stage recommended) Satisfactory evidence of glider airworthiness	2.12.1

	Certificate of personal accident insurance (third party liability insurance will be	
	obtained by organiser for all competitors and officials) Signed Release of Liability document	
) )	Number of rounds	2.4.7
2.3	There will be a maximum of 12 (twelve) full rounds completed within the time available. A minimum of 3 (three) rounds must be completed to validate the competition.	2.4.7
2.4	Launch order A draw of teams will determine launch order.	2.20.2
	When the final round of the competition is called, pilots should launch in reverse order of their current competition position.	2.20.2.1
2.5	The organisers shall provide numbers for each pilot which should be displayed prominently, on the lower leg, with number facing forward. This will be confirmed at registration. The organiser shall also provide a small sticker number for each paraglider's front line.	2.11
3	REST DAYS	2.19
	The organiser will announce the policy on rest day during the competition after 8 rounds are completed.	
4	<b>PILOT BRIEFINGS</b> There will be a daily briefing for team leaders each morning at 8 a.m., unless otherwise specified by prior announcement, and notified on the Competition notice board. The Chief Judge, Event Judge, Safety Director and Steward should also attend.	2.14
	Briefings may be postponed or reconvened in the event of bad weather, and times will be announced and posted on the notice board. All pilots and other personnel should attend briefings promptly.	
5	Foot launch from hill sites.  Ravna gora – N: 620 m, landing/target at 310 m.  Launch is large enough to lay out at least 10 gliders.  Ravna gora –S,SE, SW: 660 m, landing/target at 240 m.  Launch is relatively small but has enough space to spread 3 gliders. Pilots must be experienced at nil wind take-offs and in general have good take-off skills.  Ivančica – N, NE: 1061 m, landing/target at 400 m.  Alternate landing from all take offs are meadows without obstacles.  The maximum permitted wind speed for the purposes of competition scoring is 7.0 m/s.	
7	TAKE-OFF & LANDING	
7.1	Competitors must have good nil-wind as well as strong wind take-off skills.  At the Launch Marshall's or Competition Director's discretion, a pilot may be temporarily stood down or permanently withdrawn from the competition if he/she appears unable to launch safely in wind and weather conditions that fall within	2.21.1.1
	operating limits. A failed take-off attempt or safety problem arising immediately after take-off (and which is not a result of pilot's poor pre-flight check) which results in a landing at take-off, or away from the target, will be eligible for a re-launch for that round.	2.21.1
7.2	Competitors must fly in the published flying order, unless they have prior permission from the Launch Marshall.  Pilots must have their competition number clearly visible, as instructed at registration, before each take off.  Competitors not ready to fly in the established flying order when called forward to launch by the Launch Marshall, or who take off without the Launch Marshall's	2.21.2

	permission, will be liable to a maximum score.	
	A pilot who is not present at launch will be marked ABS in the results of that round and a maximum score will be recorded.	
	A pilot who did not fly will be indicated as DNF in the results for that round and a	
	maximum score will be recorded.	
7.3	The interval between launches will be a minimum of 1.5 minutes between pilots,	2.20.1
	and may be adjusted by the Launch Marshall	
7.4	Final Approach	2.21.5
	Competitors should be afforded a fair attempt at a target landing. They should	
	have sufficient time during the flight to reach the target area directly from	
	launch, to make a considered final approach to the target.  The competitor is deemed to have started the final approach when, having	
	turned to face the target, the Event Judge considers he/she has made a final	
	commitment to making an approach to the target and is not expecting to have to	
	make any significant changes of direction.	
	Any further manoeuvres undertaken by the competitor from this position will not	
	detract from the above factor.	
7.5	Landing	5.1.1
	Competitors will be scored according to the distance in centimetres between the first point of ground contact and the edge of the dead centre disc to a maximum	
	score of 1000 cm.	
	The Measuring Field will have clearly marked circles set at 0.5 m, 2.5 m, 5 m and	
	10 m.	
	Landing must be made on the feet. Falling is not allowed and a maximum score	
	will be recorded, if the competitor falls.	
	Falling is defined as: any other part of the body or flying equipment (including any part of the harness, but excluding speed bar or foot strap) touches the	
	ground before the feet do, or before the wing touches the ground.	
	If a competitor lands with both feet together and the first point of contact cannot	
	be determined, then the furthest point of the footprint is measured.	
7.6	The maximum wind speed at the target for the purposes of scoring is 7 m/s.	2.21.7

	As soon as is practical at the end of the round, the recorder will post the scores on the main notice board. These will be marked Provisional, with the posting time and date clearly visible. Any complaint against the Provisional scores must be lodged within 2 hours of the scores being posted, except for the final round, when complaints must be lodged within 1 hour.	5.2.6
9.4	Penalties  Dangerous flying: First offence: strong warning. Second offence: maximum score for the round. Third offence: exclusion from the competition.  The Chief Judge and Launch Marshall shall liaise with the Safety Director and the Competition Director to report incidences of dangerous flying.  Other rule infringements: As for dangerous flying.	5.3
10	JUDGING	
10.1	<b>Judging Team</b> The Chief Judge and Event Judge will be qualified persons appointed by the Championships organiser. They will have experience of Judging at international Paragliding Accuracy competitions and at least one will be a current paragliding accuracy pilot.	13.2.3
30.2	In addition there should be seven further suitably qualified members of the Judging team, plus a minimum of two reserves to allow for rotation of duties and relief. Judging team members can be from any nation, but there must be at least two nations represented in the Judging team at the target at any time.	13.2.4 13.2.5
10.3	All nominated Judges will be given a copy of the Judging Code (Section 7C) to which they must adhere. Any Judge may have his appointment revoked by the Chief Judge in conjunction with the Competition Director, if he/she fails to maintain the standards of the code, or are guilty of misdemeanors during the competition.	
10.4	Video evidence.  The organiser will provide video coverage of all competitions landings which will be available only in case of protest. In the case where amateur video evidence is available when an official complaint is made, the Competition Director and Chief Judge reserve the right to choose whether and when to view that video evidence. The decision will be made on a case to case basis.  Further information on the policy on video evidence will be provided at the first pilot briefing.  The FAI appointed Jury may choose to accept video evidence as an aid to decision making. Such acceptance shall not create a precedent for subsequent protests.	2.4.10.1
11	SAFETY	
11.1	Safety Committee  A Safety Director will be appointed and a Safety Committee formed. The Safety Director's responsibility will be to monitor all aspects of safety. These include but are not limited to: addressing all pilots at a specific safety briefing, attending all pilot briefings, checking the meteorological conditions and especially the wind speed at launch and target, checking pilot separation, liaison with Zagreb airport for air traffic, liaison with power company to ensure power line above launch is off, preventing pilots launching with unsafe equipment, collecting accident report, discussing any accidents with the Steward and presenting the conclusions at pilot briefings.  The Safety Director in conjunction with the Competition Director may stop the competition for reasons of safety. Any decision taken by him will be reported to the Steward.	

	He will have knowledge and experience of the site being flown and ideally he must have experience in appropriate competitions.	
	It is recommended the Safety Committee includes: Competition Director (or Technical Director), Launch Marshal (or Deputy,), senior member of Judging Team, minimum of two experienced pilots (one local, one visitor – they must be competitors).	
11.2	Emergency procedures	
	During the competiton there will be an English speaking doctor and ambulance, appropriately equipped, at the landing area.  A Mountain Rescue Team will be on the take-off area.  Expected response time for evacuation by ambulance to hospital (Clinic in Varaždin) is 30 minutes.	2.6.5
12.1	Operational regulations:	2.18.1
	Air space will be reserved for the competition without restrictions.	
12.2	RADIO TRANSCEIVERS Radios are allowed for communication between competitors and team leaders. Radios are not to be used for the purpose of providing advantageous competitive information or for coaching. Radios or other communication devices are not to be used during competition flights, other than for emergencies. Only frequencies allocated by the organisers may be used. The official frequency during the competition, used by the organising team will be: 145.825 MHz. The Safety radio frequency will be the same.  Individual teams can choose their own VHF frequency, excluding those specified, within 144-146 MHz range. The above does not apply to ELTs incapable of voice transmission. The use of GPS systems during competition flights is permitted.	2.21.1
13	COMPLAINTS AND PROTESTS  Complaints and Protests will be dealt with according to the procedures in Section 7C and General Section. A complaint may be made to the Competition Director or his deputy, preferably by the team leader. It should be made with the minimum delay and it will be dealt with expeditiously.  If the complainant is not satisfied with the outcome, the team leader may make a protest in writing to the Director or his deputy. The time limit for protests is 2 hours after notification of the result of the complaint. The protest fee is € 30. It will be returned if the protest is upheld.	14.2
14	FREE FLIERS There will be no free-flying allowed from the Competition site in use, either during the competition or during a stand down, either by competition pilots or by free flyers, except at the end of the Competition day, when declared by the Launch Marshall/Competition Director .
