

2011 CANOPY FORMATION RULE CHANGES

2.3.2. Stair/step: The shoulder of the upper jumper must be above the upper surface of the lower canopy. The grip must be **only** on the outside "A" line of the end cell. The grip must be taken with the inside leg or foot; this may include an additional **handhold handgrip**, if desired.

4.8.3. The exit of the first team member must be clearly shown on the team's video recording. **Failure to clearly show the exit of the first team member will result in a score of zero, for that round.**

4.9.2 For the purpose of these rules, «freefall video equipment» shall consist of the complete video system(s) used to record the video evidence of the team's freefall performance, including the camera(s), recording media, cables and battery(ies). All video equipment must be able to deliver a PAL digital signal through a compatible video connection approved by the Video Controller.

The videographer is responsible for assuring the compatibility of their freefall video equipment with the dubbing station.
