The protest received in 2009 by the FIA, the protest had begun 4:35. The FIA Jury consulted the FIC judges, competitor and the contest director. After listening the explanation of the judges and of the Ukrainian competitor, the Jury consulted the official video which was shown to the competitor. The evidence of the video did show that the Ukrainian pilot made a mistake causing a dangerous situation in which the French pilot was impeded a safe flight. Therefore the result of the FIC judges was a correct decision.
