

## **CASI Report 2015**

The meetings in CASI were as usual held in connection with the FAI General Conference in Pattaya in October. In addition to Tor Johannessen, our CASI Delegate, Marina Vigorito was also able to attend the meetings.

The major item on the agenda this year was a re-write of the General Section of the FAI Sporting Code. The Executive Board had some strong objections to some of the new wordings, and these wordings were removed from the proposal.

The deleted wordings had to do with the right of members not in good standing. Several appeals were handled in the past year, one of them by a NAC not in good standing. (Membership fee not paid.) It was decided that rules about this belong in the FAI Statutes, not in the Sporting Code.

Graeme Windsor from Australia was re-elected President, but the previous Secretary, Gillian Rayner from France, was elected as one of the Executive Directors and consequently unavailable. The position as CASI Secretary was therefore open. I took an initiative and asked Marina Vigorito if she was interested. She agreed and was after the meeting enthusiastically accepted by the CASI Bureau for this job.
