

Year 2 Proposal – Pilot Selection Process

Over the last years the number of entries at international championships has increased significantly. This is a very welcome indicator of the health of our sport, but it does mean that we need to find a way to manage the number of entries in IGC sanctioned championships if there were too many preliminary registrations. In March 2009 a somewhat complex debate occurred at the IGC Plenary meeting but, as no conclusions were reached, the Bureau was mandated to come up with a solution.

The aim is to ensure that the maximum number of entries can be achieved in each class within the total limit on entries imposed by a Championship Organiser.

We believe that the process now defined has a number of advantages:

- It ensures every NAC is able to enter a pilot in any class they wish without fear of exclusion
- It allows the NAC to decide which pilot is their primary entry for a class
- It enables the Organiser and the Bureau to adjust the number of entries once preliminary numbers are known
- It enables an NAC to reallocate their 2nd (or 3rd) entries to an undersubscribed class

The IGC Bureau suggests that the following procedure is adopted:

1. In the Bid, the Organiser sets the maximum number of entries for the event. Places for World Champions will be included in the maximum number of entries for the event.
2. The IGC Bureau, in conjunction with the organisers, will set a maximum number of entries per each class. Places for World Champions may be in addition of the Annex A maximum of 50 entries per class. These initial class numbers will be made public at the presentation of the Bid to the IGC Plenum.
3. As usual every NAC may enter 2 pilots per class (3 in Juniors' and Women's Championships) but only one entry per class is guaranteed, the 2nd (and 3rd if applicable) entry being subjected to the ranking of the pilots. The NAC decides who will be the 1st entry in a class. World Champions, having a right of entry, are accepted in addition to the NAC nominated 1st entries.

4. At the closing date for Preliminary Entries the IGC Bureau in conjunction with the Organisers may transfer unused class allocations equally to other classes. NACs may only transfer their 2nd and 3rd entries (as appropriate when NACs have been offered a 3rd entry) to other classes if additional places are available.
5. At the closing date for Class Changeover, oversubscribed classes are reduced to the maximum class number by removing the lowest ranked pilots from the list of 2nd entries (or 3rd entries as appropriate) in accordance with the IGC pilot ranking list effective on that date.

This proposal affects:

Sporting Code Section – Nil

Annex A Rule – New Appendix to Annex A

Other – Nil

Remarks

The allocation of class numbers now agreed between the IGC Bureau and the Organisers of the 2010 WGC in Prievidza and the 2010 WGC Szeged are included here to show exactly how the process works.

Prievidza The total number of entries is **110** including the World Champions.

The maximum numbers of entries per class, for Preliminary Entries, are:

STD Class **45** [42 + 3 World Champions (Std + Junior and Women’s Std)]

CLUB Class **45** [42 + 3 World Champions (Club + Junior and Women’s Club)]

WORLD Class **20** [9 + 1 World Champion]

Szeged The total number of entries is **150** including the World Champions.

The maximum numbers of entries per class, for Preliminary Entries, are:

OPEN Class **47** [46 + 1 World Champion]

18M Class **51** [50 + 1 World Champion]

15M Class **52** [50 + 2 World Champions (15M + Women’s 15M)]
