

**PROPOSAL TO IGC PLENARY 2017  
YEAR 2  
Proposed by Chile**

During Plenary 2016, a year 2 proposal from France was submitted. The proposal was amended and then withdrawn.

We felt there was a room to re install it by submitting a late proposal, which passed the voting process at the same plenary. The principle of a better formula to convert the Grand Prix results (base 10 points) into the Ranking List (base 100 points) is fair and needed to promote Grand Prix among pilots and Federations.

Annex D, 7.2 to be replaced as follows:

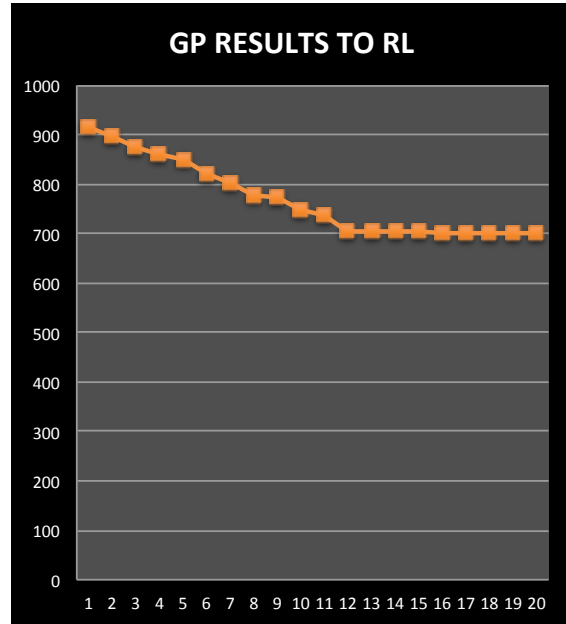

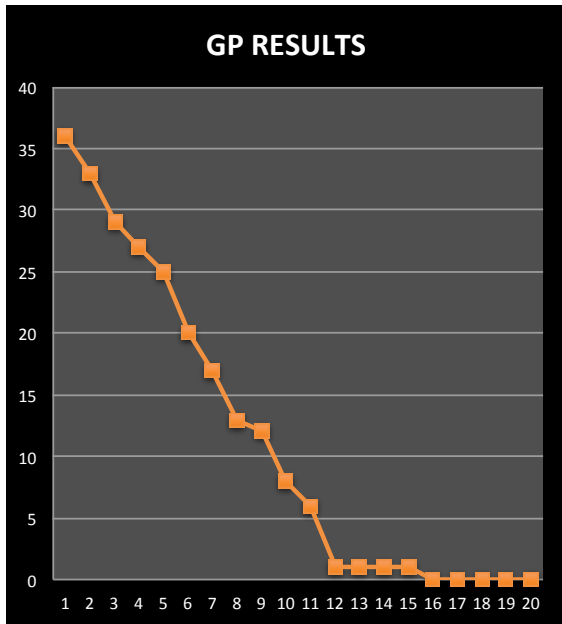

**7.2 Pilots Rating score.**

**Pilots Rating Score = 300 x (point score / max point score) + 700**

An example, taking 2015 WSGP Varese results:

2015 WSGP VARESE
