Year 1**

**Proposed by German Aeroclub / Gliding commission**

**Agenda Item 8.2.10**

**IGC rules (incl. penalties) for proper visibility of all gliders of the Championship**

**It is proposed:**

IGC is asked to define rules (incl. penalties) to arrange proper visibility of all gliders of the championship. Noncompliance must be penalized.

**Affects:** Annex A

**Discussion**

Tracking of gliders by means of OGC during IGC sanctioned championships has become very popular. And it is by far the cheapest system for organizers to have live tracking for own, for public and for teams purpose. And it is known that tracking and displaying of OGN cannot be delayed by any time interval. As soon as an organizer asks for proper registration in the OGN database in the local procedures, pilots are visible without any time delay.
