

**PROPOSAL TO IGC PLENARY 2018
Year 1**

Proposed by German Aeroclub / Gliding commission

Agenda Item 8.2.11

Re-establish the basic purpose of FLARM and define different and/or additional trackers for OGN tracking

It is proposed:

IGC is asked to re-establish the basic purpose of FLARM and define different and/or additional trackers for OGN tracking.

Affects: Annex A

Discussion

The main purpose of FLARM is providing situation awareness and collision warning. Using FLARM as source for OGC tracking is appreciated. However this can dilute the main purpose of FLARM for situation awareness and collision warning.
