

PROPOSAL TO IGC PLENARY 2018

Year 1

Proposed by IGC Sporting Code committee

Eliminate landing certificate

It is proposed:

That the current requirement for a landing certificate be removed from the rules.

This proposal affects:

- 4.4.2e
- 2.5.3b

Discussion:

The current rule for the requirement for a landing certificate is outdated in the GPS world. Every distance flight requires GPS evidence of landing, either for a finish fix or a declared finish point for records.

Removing this rule will simplify the document.
