(The exact time of all deadlines stated below is 24:00:00 UTC.)

4.2.1 Submission of results

The Competition Organizer is responsible for the provision of the final results from the competition.

Results should be submitted within 15 days of the completion of the competition **in one of the formats specified on the Ranking List webpage if not otherwise agreed with the Ranking List team.**

As a Competition Season runs from October 1st of the previous year to September 30th of the current year, results shall be submitted for inclusion no later than October 31st. Later submissions will not be uploaded and the fee paid will be forfeited.

Example: Competition Season 2018 runs from October 1st, 2017 to September 30th, 2018. Results for any gliding event of the Competition Season 2018 are to be submitted no later than October 31st, 2018.

~~The officially accepted entry list and results shall be submitted to the IGC Ranking System Administrator on the spreadsheet available for download on the FAI/IGC web site.~~

Results shall include every competitor's Ranking List Identifier, **otherwise they are regarded as incomplete and returned to the Competition Organizer for adjustment.**

Note: The submission deadline above applies to the complete result, i.e. submitting results without RL-ids, thus incomplete results before October 31st but then failing to submit adjusted results before that date means that the deadline has not been met and the results are not eligible for inclusion.

If a pilot is not previously registered in the Ranking List, her/his Ranking List identifier should be obtained ~~from the Ranking List Administrator according to the instructions~~ **by registering the pilot** on the RL web site.

The Ranking List will normally be updated not later than 48 hours **one week** after the reception of the results. **In urgent cases the RL team can be contacted to upload results sooner.**

Final rankings for the recent Competition Season will be calculated based on the data included in the Ranking List on December 31st.

Example: Competition Season 2018 runs from October 1st, 2017 to September 30th, 2018. Final rankings for the Competition Season 2018 will be calculated based on the RL data from December 31st, 2018.

4.2.2 Pilot details

Basic pilot details such as name and nationality will be taken **from the Ranking List. For pilots currently not registered basic details will be taken** from the material provided by the Competition Organizer. (The pilots Nationality should be given as the country in which his sporting licence is issued. **IOC Country Codes are to be used**).

Continue on the next page(s) if necessary

The pilot can provide additional information directly via the web interface or by contacting the IGC Ranking System Administrator.

4.2.3 Correction of errors

~~Upon inclusion of the contests results the competition organiser and the competing pilots who have submitted a valid email address will receive a notification by email.~~

Results are continuously updated and the pilots are therefore encouraged to regularly check their RL profile.

If there are any errors or omissions the organiser or competing pilot ~~should~~ **shall** contact the RL Administrator with the relevant details at the latest by December 31st of the year the Competition Season's end.

Example: Competition Season 2018 runs from October 1st, 2017 to September 30th, 2018. Requests for correction of errors are to be submitted no later than December 31st, 2018.

Requests for correction of errors after above deadline will still be honoured but the final rankings for the Competition Season concerned will not be updated in retrospect.

Note: This is of concern to pilots who, for example have failed to provide their correct RL-id or have been assigned a newly created RL-id instead of using their pre-existing one. Notifying the RL team of such errors after above deadline means that the final rankings of the Competition Season concerned will not be changed, but the pilot's ranking in the Competition Season currently on-going might be positively affected.

~~The contest results will become final 30 days after the results are first included or after any correction made to them within the permitted time limit~~

4.2.4 Procedure for correction of errors

All requests for correction to pilot or competition details should be made ~~on-line via the Ranking List web site using the form "Correction of details and results"~~ or via email to the Ranking List Manager or Ranking List Administrator.

In the event of any dispute regarding the entry of a Competition's results or a pilot's details, the organiser or pilot may make a direct appeal to the IGC Bureau who will decide the matter with finality. Any appeal should be made via the IGC secretary.

Type the reasons in the space below: These clarifications have been found to be needed. Previous deadlines have been found to be impractical in daily use, while other deadlines have been lacking, leaving important decisions up to the RL team, for example when to recalculate final rankings in retrospect made necessary (or not) by an adjustment of a significant error.
