

ARTICLE TO BE CHANGED

- 6.3.9** ~~A Team may challenge an infringement or omission given by the Judges. No Team can challenge any infringement or omission given by the Judges to another Team.~~
- 6.3.9.1** ~~During the Qualification Rounds, the Team must make their challenge before the start of the next round.~~
- 6.3.9.2** ~~During the Tournament, the Team must make their challenge before the start of the next Battle.~~
- 6.3.9.3** ~~The Judges will watch the video of the flight, according to para 6.5.2 and 6.5.3, and determine whether or not the infringement or omission occurred.~~
- 6.3.9.4** ~~If the Judges determine that the infringement or omission occurred, the Team may not again challenge another infringement or omission given by the Judges.~~

PROPOSAL

- 6.3.9** A Team may challenge an infringement or omission given by the Judges. No Team can challenge any infringement or omission given by the Judges to another Team.
- 6.3.9.1** After the judges have officially announced their time and busts (specifying the pattern(s) and line(s)), the team may request an official review. This request triggers the challenge procedure and cannot be cancelled. In such case, a visual signal could given (eg: yellow lines).
- 6.3.9.1.2** This official request must be made before the next flight of the other team or before leaving the Antechamber.
- 6.3.9.1.3** The review by the Team can only be made once and at normal speed.
- 6.3.9.2** Right after this official review, the team decides to confirm their challenge or to give up. If the team persists in the challenge procedure, then the judges will watch the video of the flight, according to para 6.5.2 and 6.5.3, and determine whether or not the infringement or omission occurred.
- 6.3.9.3** If the Judges determine that the infringement or omission occurred, or if the Team, after watching the video gave up the procedure, the Team may not again challenge another infringement or omission given by the Judges.
