

Aresti Committee Report for 2018

Once again, the Aresti Committee did not meet this year.

This year there were changes to the Catalogue, there was a slight hitch to the process as the changes were sent to an address given to us by the Spanish FAI Delegate (during the FAI Congress).

Despite being addressed to an Aresti Family Member, it was never passed to the correct address. When there was no confirmation of receipt from the Aresti Company, the mistake was found and rectified.

The Aresti Catalogue as currently issued is correct and shows both corrections and additions as per our request.

John Gaillard
