Conclusions - Summary

1. WAG attractive format for hosts, media, public and competitors.
2. An annual Air Games Tour of connected “mini-WAGs” with much lower costs will enable public, media, sponsors, and hosts to engage regularly with air sports and become fans.
3. National pride will boost interest through medals, rankings, top country status etc.
4. More than just the competitions – entertainment, science, education, ecology and business dimensions.
5. Start with just 3 or 4 events per year and build.
