- **Future International Competitions:**

Marian Wieczorek explained the *Local Rules* of the 19th FAI WRFC at Torun, Poland. The delegates accepted.

Discussion with the delegates from Portugal because the bid for an ERFC at Santa Cruz, 2015. The Subcommittee recommended them to change the bid to a WRFC 2016.

- **Rally Rules – Changes and Modification:**

There were no proposals for changing the rules in the unlimited category, but written proposes from Paul SZAMEITAT and from Peter HAVLIN concerning the advanced category.

At first there was a discussion about the sense of the advanced category.

In the voting about the advanced category, there were only one delegate clearly against, all the others were for the advanced category in the next WRFC. Thereafter we will have more experience and can discuss and vote again.

But in this case, we had to make some small changes in the rules for the **advanced category**.

After a detailed discussion, we voted for each point and so we had a final proposal for the Combined Meeting and the FAI – GAC Conference:

- Time checks: +/- 5 sec
Photos on route: the same photos like in the unlimited category, the sequence will be given in the answer sheet.
TP-photos: from inbound direction and all correct. There could be a max. of 2 TP's without a photo.
Team medals: We proposed to cancel the sentence because nations with team medals in unlimited cannot have team medals in advanced category.

Who is allowed to fly in the advances category?

Crews below 25 places of the two last events, European or World Rally Flying Championships, depending which competition is in motion, and for beginning crews. In this category cannot participate the three first places of any past competition in advanced category.

For both categories: (a proposal from the Polish delegates)

A *maximum* of two landings on each stage.

Landing videos:

We proposed to show the landing videos after the last debriefing until the begin of the Team Manager briefing.

- **New Candidates for International Judges**

We checked the candidates – the Czech delegate cancelled one application.

The delegates in the FAI-GAC Conference voted not for all our proposals – It is shown in the Rules and Regulations Rally Flying 2014. They will be published in a short time.
