IWGA EXPECTATION

You know that we evaluate each single event and that some people only look at facts.

From the very beginning I want to avoid discussions where possible. Therefore we discussed with FAI the disciplines for an TWG Event against the background of **a program that is as stable, robust as possible for an outdoor and weather-effected sport.**

Beside all other criteria, we always have to be aware that TWG will be a **show-case for not sport specific audience and for media.**

If we cannot guarantee at a **high level the program/schedule** we fail from our (IWGA) side to promote you too.
