2019 Freefall Style and Accuracy Landing Report

The 14th FAI World Parachuting Cup of Freefall Style & Accuracy Landing for Male, Female and Juniors in Cordoba/Argentina from 19th to 25th May 2019 was the most important event in 2019.

Following Competitors participated in the disciplines of Freefall Style and Accuracy Landing:
50 Male, 23 Female, 10 Junior Male & 6 Junior Female from 14 Nations.

It was the first “World Cup” in South America. The Argentine NAC tried to organize a good competition.

But the competitors were not so happy about the organization and the running of the competition. In the male discipline Freefall Style only 2 jumps were performed, even there was enough time to finish the discipline.

Many thanks to the IPC Delegate of Argentina (Gustavo Reyes) who made a good job.

For the competition, the complete Austrian Airshot system and approved video system was used for both Freefall Style and Accuracy Landing.

A video system for Accuracy Landing (tablet) was tested during the competition.

For a “World Cup” there were not enough participating Nations with competitors. Many small nations don't have the money for participation in South America. And most of the competitions in ST & AL are in Europe.

The World Cup Series in AL were again carried out in six different countries.

Between 35 and 46 Teams participated in all six events.

We have had more competitors this year than ever before.

In Thalgau/Austria (23rd to 25th August 2019) we tested again a video system (tablet with slow motion).

All jumps (landings) were recorded.

Future competitions:

Mondial 2020 Tanai/Russia
ECS & WC 2021 Strakonice / Czech Republic
WAG 2022 Turkey
WCS 2024 China / Slovenia?

I would like to thank all members of the Committee for their work in 2019.

Günter Berendt

Chairman of Freefall Style and Accuracy Landing Committee

Opening Meeting 2020 of IPC COMMITTEE FOR FREEFALL STYLE and Accuracy Landing

AGENDA

1. Opening by the Chair

2. Composition of the Committee

3. Reports/Information:

14th FAI World Cup in Freefall Style & Accuracy Landing Championships which took place in Cordoba / Argentina from 19th to 25th May 2019.

Chief Judge Report about the WC is on the Agenda.

The number of participants was not so well!

Accuracy Landing

- 50 men
- 23 female
- 10 junior male
- 6 junior female

Freefall Style

- 23 men
- 15 female
- 9 junior male
- 5 junior female (2 Nations)

The competition was good prepared but the organization did not have enough experience.

The electronic equipment (Air Shot System/and an approved Freefall Style system) worked well and was reliable.

Accuracy Landing competitions in the running season:

6 large Accuracy Landing competitions had been conducted 2019 in different countries in Central Europe (35 – 46 Teams).

In Thalgau/Austria (23rd to 25th August 2019) we tested again a video system (tablet with slow motion).

All jumps (landings) had been recorded.

South East Parachuting Cup with 4 Nations (Bulgaria, Hungary, Romania, Moldova) in Accuracy Landing had also been carried out (10 – 15 Teams).

4. Freefall Style & Accuracy Landing Competition Rules:

- Proposals in Accuracy Landing (Video System; Start order; Junior Category; Semifinal/Final)

5. Freefall Style & Accuracy Landing Calendar
