2015 Freefall Style and Accuracy Landing Report

The 8th FAI European Freefall Style and Accuracy Landing Championships and the 5th FAI Junior European Freefall Style and Accuracy Landing Championships in Erden, Montana – Bulgaria from 21. – 29. August were the most important event in 2015.

Following Competitors participated in the disciplines of Freefall Style and Accuracy Landing:

64 Male (15Nations) & 36 Female (11Nations) Junior 15 Male & 6 Female.

The competition was very well prepared. All competitors were surprised about the very good organization and running of the competition.

Many thanks to the organizers (especially Ani and Angel Stamenov), who made a very good job.

For the competition, the complete electronic system Weckbecker was used.

There were no complaints.

Two nations had registered for the competition, but they did not arrive!

The **World Cup Series in AL** was again carried out in six different countries. Between 26 and 51 Taems participated in all six competitions.

During the World Cup Series in Thalgau/Austria in September 2015, I have checked the technical equipment from Austria for Accuracy Landing again. After more than 800 jumps the equipment works well.

The **World Air Games will take place from 1st to 12th December 2015 in Dubai**. 20 men teams, 5 women teams and 5 juniors and 5 junior women are invited. I will report about this event during the IPC Meeting in Frankfurt/Germany.

Future competitions

Mondial 2016 Chicago/USA

European Championships 2017 Podgorica/Montenegro? (Bid)

World Championships 2018 Montana/Bulgaria?

I would like to thank all members of the Committee for their work in 2015.

Günter Berendt

Chairman of Freefall Style and Accuracy Landing Committee
