

CHIEF JUDGE'S STANDARD REPORT

Competition:	1st FAI European Indoor Skydiving Championships
Event	Formation Skydiving
Location:	Voss, Norway
Date:	12th -14th April 2018
Panel of Judges:	<p>EJ FS4 Open, Female and Junior: Pia Berggren EJ VFS: Karla Cole</p> <p>Panel of Judges: Gisela Heitzinger, Linda Makela (N), Natasha Higman (N), Tamara Vorst, Bernard Nicolas (N), Dirk Venter, Marc Frielingsdorf (N) and Zeljko Tanaskovic</p>
Scoring Equipment Used:	InTime System
Details of the Judges Work: <i>(including judging statistics)</i>	<p>Panel judged 188 FS jumps and 50 VFS jumps. The panel of judge worked well together and the spirit was good in the panel of judges. We had fun together, but when judging started all was focus for the judging. The scoring system worked very well and we get help from one of the judges.</p>
Recommendations for Organisers:	<p>The organizer worked very well and was helpful also before and after the competition. Special thanks to the Chief judge assistant and also all people of organization!</p> <p>During the first competition day was too many bad videos for judging. That's why teams get rejumps. Organization fix the problem and end of competition all videos was fine.</p> <p>Also main computer in both judge panel was too slow and the organizer changed these quickly. Video image didn't be good, but during the competition can't do anything.</p> <p>Scoring systems should be ready earlier and all license etc. should be clearly. Also highly skilled IT staff will be present, before the judge seminar. All things must be clear before the competition. Now it was good that in the judge panel was Dirk and he can help organization and judges with the scoring system.</p> <p>Transport from hotel to the tunnel and back was fine organized. Although many judge walked, but it was judges own decision. It was good that distance between hotel and the tunnel was so short.</p>

CHIEF JUDGE'S STANDARD REPORT

Rule Changes - Proposals:	<p>1. Rules should be created for the exploitation of the net. Now, especially in VFS, half of the team can stand on the net specially during the first formation and will not move before the first formation is ready and they continue to inter/ total separation.</p> <p>2. Camera quality should be better and its good, if in the rules would be something about that.</p> <p>3. GS S5 4.6.1(2) Reducing the number of judges should be clearer. Now, three judges had to be reduced first. Shortly time after, none judges need to be reduced ... and finally one of judge must reduce. All this happened 2,5 months after the judge panel was selected. Its uncomfortable for the judges, who is under reduce.</p>
Personal Remarks:	<p>I want to thank everyone, who gave me this opportunity, to be selected as the chief judge. It's a big honor to me!</p> <p>Also work together with all PAI/ IPC officials, member of the Jury, all organization people and specially with panel of judges was pleasure for me. I love this!</p> <p>I want also thanks all competitors, who compete in this competition (and also in other competitions). For them I want to do this from year to year.</p>
<p>In accordance with the Sporting Code Section 5, 6.9.1. (11) this form is to be completed and sent to the Chair of the Judges' Committee and the IPC Recording Secretary within 30 days of the competition's completion.</p>
