 - *Judges training*
 - *Budget*
-

Committee members:

Chair: Ron Miasnikov

Deputy chair: NAME to be advised

- Alyia Ananina
- Ray Williams
- Tamara Kyon
- Silvia Wagner
- Sébastien Chambet
- Rai Ahmed
- Kristian Moxnes

AE events – 2019

World cup– Eloy - USA

CJ – Silvia Wagner

9 freestyle teams and 6 freefly teams. About half of the teams were new.

Very nice level. A half day competitor workshop at the end of the competition, brainstorming new compulsories for 2021 and fine tuning some of the rules. All teams participated and showed great interest in the process.

See CJ report.

3rd Indoor world championship – Lille, France

CJ – Jami Pillasch

23 Freestyle open competitors

14 Freestyle junior competitors

See CJ report.

Proposals for changes to competition rules 2020

- **Outdoor AE –**
 - Small adjustment to the compulsories guidelines
 - Judging compulsories – only 10% for presentation (was 20%)
 - difficulty table was rebuilt to cover all options.
 - Working time – small change – 43 sec for Freely and 45 for Freestyle.

Indoor Solo Freestyle:

- Suggestion for new compulsories for 2021.

Future events

Skydiving –

2020 – Mondial - Russia

Indoor –

April 2020 – world cup and European championship - Belgium

Judges training courses

Two AE judges training courses were given during 2019.

June – klatovy, CZ – 3 new judges + 1 re evaluation

September – Ice Mountain Belgium – 1 new FAI judge

The list of FAI current judges is still very short. We would like to encourage more judges, especially pro flyers to join.

See proposal for a change in the judging training and nomination process from Israel.

Budget - Judges training aids

The competitors are keep asking for new animations and/or videos to explain compulsories.

There are no changes in the compulsories for 2020, so we have 2 years to work on new animations.

There is a proposal from an animator who made similar animations for AXIS training center in Eloy – 1500 USD.
