The island has a subtropical climate; warm in the summer (22°-24°C) and mild in the winter (18°-22°C). The water temperature is also pleasant year round due to the warming influences of the Golf Stream; This high quality European destination unknown by the majority to the participants.

Funchal, the capital city lies between the deep blue of the ocean and the lush green of the mountains behind. Is a bustling cosmopolitan city with a multitude of good places to visit.

Hope to Welcome all of you in Madeira ☺
