

<p style="text-align: center;">CIVL 2017 PLENARY – ANNEX 21 JURY & STEWARD COORDINATOR REPORT</p>

Jamie Shelden

Summary of Bureau Action Since Last Plenary

The Bureau has recently considered jury and steward appointments and made a decision regarding filling those roles at upcoming 1st Category competitions. In the past, the CIVL Bureau and CIVL President have always been very present at 1st Category competitions. This is still the case and this Bureau has made a conscious choice to be ever more present as it provides a unique opportunity to confront the reality of our disciplines, to exchange with all the involved parties (pilots, organizers, team leaders, etc.) and to learn from those exchanges and use that knowledge and information in policy setting.

The FAI Jury Handbook will be revised before July 2017 as discussed during the FAI General Conference workshops. It needs to be updated and adjusted to reflect what the Commissions are really doing. Some commissions send just a single Jury President, while others use a remote jury. Although we tried the remote jury and found it didn't work in our case, there are other possible solutions.
