**Competitions in 2019**

**3rd FAI World Indoor Skydiving Championships, Lille, France, April 16-21, 2019**

CJ: Jami Pillasch

Before the competition we were nervous if we were going to get enough judges, as we did not have many to pick from. Luckily almost everyone qualified said yes to judge. The competition ran smoothly, with quick live judging and quick reviews. A big part of the success was due to having David Petracco there to help run the judging system Dynamr. The lack of space for the judges is thoroughly covered in the CJ report. From our part the judging worked well, but communication with the spectators and competitors could have been better. We were late to post the draw, and late with posting information about the competitors meeting. Part of this was because communication had to go through the organizers, and they were busy with running the competition. These are the numbers:

Solo Freestyle:	23 teams
Solo Freestyle Junior:	14 teams
Dynamic 4-way:	9 teams
Dynamic 2-way:	22 teams

## **Meetings**

Competitor meetings were held after WISC in Lille, but with few competitors attending. The dynamic committee have been recording all the feedback. We have communicated using Facebook, Slack, Skype, phone and e-mails.

## **Judging**

David Petracco hosted a Dynamic (IA) judging course April 13-15 2019 in Charleroi, Belgium. 6 new FAI judges were qualified, 4 more than qualified in 2018.

We are still in need of more judges in Dynamic, and our goal is to have 1 to 2 judging courses in 2020, qualifying 5-10 more judges. We still have the challenge of making sure the panel of judges have the required training before every competition. Judging of Dynamic requires the judge to be current and have warmed up prior to the competition. This is an ongoing challenge for us, and one that we hope to address in the next couple of years. In order to encourage former and current competitors to become judges, it is our suggestion for 2020 is to remove the necessity to be a National judge in order to become a FAI judge (see attachment "Section 5 proposal IAE")

## **Future competitions**

4th FAI World Cup of Indoor Skydiving and 2<sup>nd</sup> European Indoor Skydiving Championships , Charleroi, Belgium, April 9-14 2020

4th FAI World Championships of Indoor Skydiving, Slovakia 2021
