IPC Rules and Regulations Committee

Annual report 2019

2019 proved to be a relative quiet year on the R&R front. Overall and timewise, there were two e-mail threads/discussions in our committee. Before summer, and in October/November. This proved to be usefull, with - as is to be expected – most dicussions gravitating in the October/November period. The Agenda Annex with proposals contains the result of these discussions. It also contains some text of a proposal recieved by the Austrian delegate. Which will be included in total in the IPC agenda. It also referes to two possible Bureau proposals. And, of course and as usual, there will likely appear other proposals on the agenda which will involve R&R discussions. One will be from the Finance Secretary (regarding juries/costs) and one from the FS committee (regarding large formation sequential records)

Sporting Code - Section 5

It is impossible to keep SC5 unchanged for a year. But this year, there are relative few changes, quite some related to records. Yes, again. A further proposal is expected from the FS committee regarding large formation sequential records. Another proposal is about handling the less than 4 NACs situation. Several events this year had to cancelled due to lack on entrants. A serious item which merits an overall IPC policy discussion.

Internal Regulations

There are several clarifications and proposals on duties & powers, limitations, decisions and voting rights, and for the CISM liaison.

The Swedish delegate proposes a change of term of office for the Bureau from 2 to 3 years.

In closing, I express my thanks to my R&R colleagues for their work in 2019: Elisabet Mikaelsson, Susan Dixon, Richard “Buzz” Bennett, Doris Merz-Hunziker, Liam McNulty, James Hayhurst, Claire King and Peter Pfalzgraf. Very much appreciated.
