IGC

Positive

- Implement Changes to our Competition Structure and Calendar based on Recommendations of the Championship Structure Working Group
- 13.5 Meter class will be an electric self-launch with new energy comps.
- Identify additional members for the SGP team to take the series forward
- Try and find funding of 100,000 CHF for SGP activities
- Create Events Suitable for Use in Multi-Sport Air Games
  - Match Racing
  - Energy Management
  - Sailplane Grand Prix
- Positives for the new gliding events
  - Sailplanes are visually exciting
  - Competitors are attractive for the media
  - Events are easily explainable and understandable by media and public
  - Support FAI and give one more choice to potential organizers

IGC

Challenges

- Capabilities for effective display and real-time scoring must be developed
- Facilitated by FAI across all airports
- Finances to do event – Equipment, Officials and Pilots
- Take lessons learned at WAG – Dubai and expand and fine tune events
- Convince the IGC delegates that the effort in creating and sustaining alternative events will be beneficial to the future of IGC and its constituency
- Develop rules for new competition in the 13.5 meter electric class
- Identify additional members for the SGP team to take the series forward
- Try and find funding of 100,000 CHF for SGP activities
