<b>Details of the Judges Work:</b> <i>(including judging statistics)</i>	Total 411 jumps has been judged: 175 jumps Zone Accuracy 143 jumps Speed 93 jumps Distance All judges performed satisfactory and showed a high level of motivation.
<b>Recommendations for Organisers:</b>	<b>Transportation:</b> Distance between DZ and Accommodation should not require to long transfer time. <b>Scoring/Display:</b> The scoring system should be able to show all events, that are in the competition (incl. the team event)
<b>Rule Changes Proposals:</b>	Clarify the application of the MS and OC penalties in section 6.1 (for all events). Clarification in Section 3.4.3 should clearly state, that for a combined ranking all 3 events are required, but with less events, the events (having at least 1 round completed) itself – as part of the competition – are valid. The team nomination need to be given early enough for preparing the exit order (see section 5.5.2). It should be the day before the competitors meeting that addresses the exit order (within the passes). Clarification what the maximum allowance for the “approximate” 1,5m (see A.6.2) are, since it is affecting records.
<b>Personal remarks:</b>	It was an honor to be selected as CJ. I enjoyed working with a great team.
