

FAI Aviation and Space Education Commission (CIEA)
Report to the 106th FAI General Conference
Antalya, 19-20 October 2012

Reported by : *Michiel Kasteleijn, CIEA President*

1. Important activities, projects or events since last FAI General Conference:

- Young Artists Competition 2011, theme 'Silent Flight' / Judging by CIEA delegates 27 April 2012 in Lausanne
- New approach of 'Why-Fly'-Program, Air Sports first 12 chapters followed by circa 20 chapters on Aviation & Space themes/issues
- Launch of three stage-category youth program-types ages 14-24
 - Age 14-16 JuniorS program to be further detailed
 - Age 16-18 PrePair program to be further detailed
 - Age 18-24 Air Corps -national- programs:
 - Students and starters in aerospace-related gremia.
 - Air Corps Pilot-project in The Netherlands: Setup Network of young students/starters in aerospace developing network activities.
- Development of CIEA content website with CIEA learning guidelines

2. Positive and negative results:

- a, b and c above positive
- d above negative

3. Main problem(s) encountered and solutions adopted :

- Projects need to be more efficient and effective, working on this.
- Solutions sought in more contact between CIEA commission-members and direct or indirect contact with other sports-/technical-commissions.

4. Planned activities and projects for next year :

- Continue setup and development of current projects.
- Renew program of Recommended Museums FAI-wide

5. Proposals (if any) to FAI Executive Board, FAI Head Office or for the next General Conference :

- Restructure 'Recommended Museums Program' from CIEA to other FAI-bodies in concert with CIEA-experience and know-how in order to better control performance of the recommended museums.
