## 6<sup>th</sup> FAI World Canopy Piloting Championships Farnham, Canada FAI Controllers Report

Based on the events at the CP WPC in Farnham, Canada, as the FAI Controller, I am suggesting the following changes for the appropriate documents.

### **Anti Doping In Competition Testing -**

*Suggested Additions:*

#### The FAI Controller Handbook

Introduction -

The FAI Controller is responsible for assisting with anti doping testing requirements.

#### 3. FAI Controller Duties

##### 3.1 BEFORE THE EVENT

14. If contacted by the FAI Anti-Doping Manager and the designated anti doping agency the FAI Controller will work with them and the organizer to fulfill their requests. All information regarding anti doping is confidential.

##### 3.2 ON ARRIVAL AT THE EVENT

13. Make sure the anti doping rooms will be available and the supplies are in place for the testing.

##### 3.3 AT THE START OF THE EVENT

Work with the anti-doping official and assist with their needs.

*Suggested Addition:*

#### Sporting Code 5

##### 5.5.3 Organizer's Responsibility

(4) The Organizer will work with the FAI Controller to fulfill the requests of the designated anti doping agency, should anti drug testing be scheduled.

### **Course Closing Drill -**

*Suggested addition:*

#### CP Competition Rules:

##### 5.4 Official Practice Period

5.4.3. During the Official Practice Period and before the start of the competition an official course closing drill must be conducted. This must be a full practice for all judges and officials including the use of the smoke, the emergency medical personnel and a simulated call to the ambulance. The FAI Controller must approve of the system that was practiced and report the results to the Jury prior to then start of the competition.

### Emergency Medical Personnel-

*Suggested addition:*

#### The FAI Controller Handbook-

##### Introduction

- Emergency medical personnel to be present at the FCE, the number, based on best practice, to be determined by the size of the event (number of competitors, officials and spectators). For CP there must be a minimum of 2 emergency medical personnel on site for all official practice jumps and competition jumps. They may not fill any other official position.

#### Sporting Code 5:

4.5.3. (3) The Organizer shall be responsible for providing adequate medical services during the event, including the training days. For CP there must be a minimum of 2 emergency medical personnel on site for all official practice jumps and competition jumps. They may not fill any other official position

### Medals -

The IPC Medal Policy document is a 2015 Edition and the FAI is using a 2012 draft version.

*Suggested addition:* The two documents be updated and available on the website.

### Weight Checks:

*Suggested Change:*

#### CP Competition Rules:

5.3.3. DWIPE at the time of weighing carried out by a person designated by the FAI Controller or a person designated, is the basis to define the maximum amount of additional individual weight allowed in accordance with the list in Addendum E.

Respectfully Submitted,

Marylou Laughlin  
FAI Controller 6th CP WPC
