1.6.2nd Czech Open Helicopter Championship in Podhorany (Czech Republic)

From 18-21 August 2016

Organised by young enthusiast helicopter pilots and fans

2. Positive and negative results:

Helicopters as well as all Airports are the most attractive events for the public, but to make sure that the public participate intensively during the Helicopter competition , we have to adapt some rules to make these more comprehensive, such as including parallel events with electronic visible scoring systems and direct information to the public who are the winning crews.

3. Main problem(s) encountered and solutions adopted :

Objectives for the next 2 years :

A continuous improvement of the development of the Helicoptersport by :

- Increasing the number of participating countries in the CIG-Commission
- Put in place a collaborative spirit in the commission
- Creating a helicopter sport working group (already started this year)
- Creating Championship's Rules Working Group
- For more precise scoring during competitions , development of electronic scoring systems
- Stimulating exchange of experiences with other airsport disciplines
