2.7 Weather conditions

Winters are warm and short with an average high of 23 °C (73 °F) and overnight lows of 14 °C (57 °F). The weather in Dubai can bring short and irregular rainfall as is typical for the Middle East. The weather between December and March remains warm and is considered to be the most comfortable climatic conditions of the year.

Wind speeds in November vary from 1 m/s to 6m/s, which is considered as a light to moderate breeze, rarely exceeding 8 m/s. The highest average wind speed of 3 m/s usually occurs around November 8th, at which time the average daily maximum wind speed is 6 m/s. At this time of year the wind is most often coming from the south (16% of the time) and the west (15% of the time).

Sunshine: 90%

Rain: 15%

Sunrise: 6:53 am **Sunset:** 5:35 pm
