Three test competitions for 2015 category 1

- HG XC Pre-Worlds, Valle de Bravo, Mexico
- PG XC Pre-Worlds, Roldanillo, Colombia
- PG Accuracy Pre-Worlds, Puncal-Bogor, Indonesia

FAME and CIVL

- CIVL – FAME MoU
- To promote, find sponsors and hosting cities for Paragliding Aerobatic series competitions
- FAME projects delayed
- Very disappointing for CIVL
- We had hoped the marketing initiative of FAI by forming FAME would be start of real marketing efforts for air sports.

Projects and activity

- CIVL has number of ongoing projects and activities (f.ex. WXC, FS, Rankings)
- CIVL is working on defining new Paragliding competition class gliders to be approved at the next CIVL Plenary to be accepted in Category 1 competitions in 2015.
- This year CIVL Bureau is reviewing its Jury and Stewards procedures
- Review of the structure of CIVL finances (income/expenditure).

Accounting

- The accounting problems of FAI office has been difficult for CIVL.
- CIVL Plenary February did not have final accounts for 2012 to approve
- CIVL made proposals to FAI EB on accounting procedures and separate CIVL bank account
- This was well received and work is in progress to implement the changes.
- It will improve and simplify CIVL accounting considerably.

7

Thanks

- Thanks the CIVL Bureau
- Thanks to all CIVL volunteers for all their work and contributions to CIVL and the sport of Hang and Paragliding.
- Thanks to Jean-Marc Badan for his work in FAI and his support to CIVL.
