1. Important activities, projects or events since last FAI General Conference:

In 2013, CIVA sanctioned five FAI Aerobatic Championships:

- 8th FAI European Advanced Aerobatic Championships (Poland)
- 27th FAI World Aerobatic Championships (USA October 2013)

We have started CIVA judging seminars where we provide the material and teachers to a subsidized cost.

For many years CIVA have worked with a handbook for contests and in the beginning of the year a new Championship Guide was finalized and sent to organizers.

A new e-learning tool for judges was launched in the beginning of the season to help judges to prepare for championships.

2. Positive and negative results:

The new digital solutions we have started to use has opened more possibilities for the future.

The difficulties within FAI with the accounting systems affected CIVA's work to have control of the finances and planning for the future.

Championships have encountered limitations due to FAI sponsors where the support forwarded to commission has been limited.
